Dear students, interns and residents!

The West Kazakhstan Marat Ospanov State Medical University invites you to take part in the work of the II student scientific and practical conference devoted to the World Family Doctor Day "CONTRIBUTION OF STUDENTS TO THE DEVELOPMENT OF PHC AND FAMILY MEDICINE".

**The purpose of the conference** is the development of creative activity and the formation of creative thinking among students, their involvement in conducting scientific research in the field of primary health care (PHC).

**Conference venue:** Hall of the Academic Council of the West Kazakhstan Marat Ospanov State Medical University, 68 Maresyev street, Aktobe, the Republic of Kazakhstan.

**Conference time:** May 23-24, 2019

**Official languages of the conference:** Kazakh, Russian, English.

**Publication and participation in the conference:** free

The conference program will be sent out additionally.

According to the results of the conference, the issue of the journal “A series of conferences of the West Kazakhstan Marat Ospanov State Medical University” with the presented student works together with project managers will be formed, indexed in the RISC.

To participate in the conference, the following materials should be sent to the indicated e-mail address conference@zkgmu.kz until April 29, 2019: application for participation; article.

Applications received by the organizing committee after the deadline are not considered, materials of the reports are not published.

For all questions please contact email address conference@zkgmu.kz of the conference organizing committee.

The submitting author takes responsibility for the manuscript.

The Organizing Committee reserves the right to reject articles received after the deadline and issued with violation of the requirements, as well as those that do not meet the conference topics.

**Travel expenses (travel, accommodation, meals) are paid by the participants of the conference.**

**Requirements for materials:**

The materials of the report should give a clear idea of the nature, content and results of the work done by the author.

Requirements for publication in the journal "Conference Series WKSMU" attached to the information letter.
### APPLICATION FORM

<table>
<thead>
<tr>
<th>Full title of the article (report)</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Place of study / work of the author (full name of the institution)</td>
<td></td>
</tr>
<tr>
<td>Author's FULL NAME course, specialty</td>
<td></td>
</tr>
<tr>
<td>Full name of the scientific adviser academic degree, academic title (if any)</td>
<td></td>
</tr>
<tr>
<td>Form of participation:</td>
<td>- participation in the conference with a publication or correspondence participation with a publication</td>
</tr>
<tr>
<td>E-mail</td>
<td></td>
</tr>
<tr>
<td>Contact number</td>
<td></td>
</tr>
</tbody>
</table>

### Requirements for the article:
- The volume of the original article is not less than 1,700 words (not including summaries, tables, illustrations and references).
- Manuscripts of original articles should have the following sections: “Introduction”, “Methods”, “Results” and “Discussion of Results”. The allocation of conclusions in a separate section is not required.
- The manuscript of the review article should be 2,500 or more words (not including summaries, tables, illustrations, and references).
- Review articles are structured at the request of the author.
- The text of the article is prepared in the Microsoft Word program using the Times New Roman font of 12 points with a line spacing of 1.5.
- Bookshop orientation (portrait) with upper and lower fields - 20 mm, left - 30 mm, right - 10 mm. Do not transfer words.
- The title page indicates:
  - Article title
  - Surnames and initials of each of the authors
  - The full name of all organizations to which the authors belong. If the authors work in different institutions, then each author is connected with his organization using the number of the upper register.
  - The E-mail of the author responsible for correspondence with the editors
- Summary: for the authors from Kazakhstan in English, Kazakh and Russian; for authors from neighboring countries - in Russian and English; for authors from abroad - in English.
- The summary should be at least 200, but not more than 300 words.
- The summary for original research should be structured: purpose, methods, results, conclusions. In the section “Results” in the summary, the editorial board recommends quoting the numerical values of the results obtained and the achieved levels of significance when testing statistical hypotheses.
- The first is a summary in the language in which the main text of the article is written. Then, on the other two. For example, if the article is written in the Kazakh language, then the summary and key words in the Kazakh language are submitted first, then in Russian and English.
- The summary contains 5-7 keywords reflecting the problems studied during the research
- References should be in accordance with the Vancouver style, preferably with the DOI index at the end of the source (digital object identifier, unique digital identifier of the article).

Bibliographic references in the text are given in square brackets in Arabic numerals as quoted in the text of the article.
It is advisable to refer to more modern publications (not older than 2004). For original articles, the number of sources should not exceed 30, for review articles - 50.
The editors recommend in the literature list to keep a balance between national and Russian (in the amount of ~ 50%) and publications from far abroad, published in international peer-reviewed publications (~ 50%).
The editors do not welcome references to abstracts, dissertation abstracts. Links must be verified by the authors of the manuscript with the original documents. The author is fully responsible for the accuracy of bibliographic sources.
After the “Conclusion” (Conclusions) section, the editorial staff welcomes additional information from the authors about the contribution of each of the authors, within the framework of which project the work was done, sources of funding, conflicts of interest and words of gratitude.
Rejected articles are not returned.

Full texts of articles in open access will be on the website http://journal.zkgmu.kz and posted in the Scientific Electronic Library www.elibrary.ru.
